

# CHILD ABDUCTION RESPONSE TEAM TRAINING

## Refresher Workshop for Arkansas CART

### October 27, 2026 Northwest Arkansas

Northwest ALETA  
3424 South Downum Road  
Springdale, AR 72762

This training allows CART members to revisit the fundamentals of a Child Abduction Response Team and strengthen their readiness to respond to a missing or abducted child incident. The course focuses on current CART practices, team structure, member responsibilities, activation and notification procedures, operational priorities, communication, and coordination throughout a response.

Using practical discussion and lessons learned, participants will review how the various components of a multidisciplinary CART work together, from the initial notification through investigative, search, canvass, and reunification efforts.

**THIS TRAINING IS DESIGNED  
FOR ALL CART MEMBERS.**

### October 29, 2026 South Arkansas

Camden Facility  
6373 Hussey Road  
East Camden, AR 71701

### Training Objectives:

- 1 Understand** the purpose of a multidisciplinary CART response, team composition, individual roles, and working together during an activation.
- 2 Recognize** activation and notification procedures and apply appropriate investigative, search, canvass, communications, and resource coordination practices
- 3 Review** how CART members share information, coordinate activities, and operate within the incident command structure
- 4 Identify** lessons learned, best practices, and opportunities to improve individual and team preparedness, training, equipment, and overall CART effectiveness.

**THE GOAL IS SIMPLE:** Keep the team familiar with its role, connected to one another, and ready to respond when a child is missing.

**Reserve your spot for the  
CART Refresher Workshop**
